Semi-Natural Biophilic Trees for
Low-Light Commercial Spaces

MIAMIGREENGIRL.COM

Why Semi-Natural Biophilic Trees?

Low-Light Ready

Designed for spaces with little or no natural light.

Maintenance-Free

No watering, no pests, no ongoing care.

Real Biophilic Presence

Crafted with real wood trunks and premium fabric foliage.

A refined alternative to plastic plants, created to bring calm, balance, and natural beauty into commercial interiors.

Lyrata Crown Tree

INSPIRED BY FICUS LYRATA

Semi-natural tree inspired
by the iconic Ficus Lyrata.

Featuring a real wood trunk
and lush fabric foliage.

Designed to elevate
low-light commercial
interiors with a fuller
canopy and sculptural
presence.

Lyrata Aura Tree

INSPIRED BY FICUS LYRATA

Semi-natural replica inspired by the iconic Ficus Lyrata.

Crafted with real wood trunk and lifelike fabric foliage.

Designed to introduce calm greenery and organic elegance into low-light commercial spaces.

Olive Harmony Tree

INSPIRED BY OLEA EUROPAEA

Semi-natural tree inspired by
the Mediterranean olive tree.

Crafted with a real natural wood
trunk and premium fabric foliage,
delicately detailed with olive
accents.

Designed to bring calm, balance,
and timeless elegance into
low-light commercial spaces.

Schefflera Harmony Tree

INSPIRED BY
SCHEFFLERA ARBORICOLA

Semi-natural replica of the
iconic umbrella tree.

Crafted with real twisted
wood trunks and high-
quality fabric foliage dotted
with delicate fruit accents.

Designed to bring calm,
balance, and timeless
elegance into low-light
commercial spaces.

Altissima Harmony Tree

INSPIRED BY FICUS ALTISSIMA

Semi-natural replica
modeled after the lush
Ficus Altissima.

Crafted with real wood
trunks and lifelike
fabric foliage.

Ideal for adding refined
greenery to low-light
commercial environments.

Evergreen Harmony Tree

INSPIRED BY
FICUS ALTISSIMA

Semi-natural replica
modeled after the lush
Ficus Altissima.

Crafted with real
wood trunks and
lifelike fabric foliage.

Designed to introduce
vibrant greenery and
peaceful energy into
low-light commercial spaces.

Yucca Oasis Tree

INSPIRED BY YUCCA GIGANTEA

Semi-natural replica
modeled after the stately
Yucca gigantea.

Crafted with real wood
trunks and lifelike
fabric leaves.

Designed to bring a
tropical, sculptural touch
to interior spaces with
no natural light.

WHAT'S NEXT?

EVERY SPACE IS UNIQUE.

WE GUIDE YOU IN SELECTING THE RIGHT
SEMI-NATURAL BIOPHILIC TREES BASED ON
YOUR LAYOUT, LIGHTING CONDITIONS,
AND DESIGN GOALS.

OUR APPROACH IS THOUGHTFUL,
INTENTIONAL, AND TAILORED TO
COMMERCIAL ENVIRONMENTS THAT SEEK
BEAUTY WITHOUT COMPLEXITY.
